

## Virginia City/Comstock Seismic Summit

Storey County Emergency Management is extending an invitation to all interested parties to attend the Virginia City Discussion/Summit.

**When:** Thursday, March 25, 9:30AM to 12:30PM

**Where:** Division of Emergency Management, 2478 Fairview Dr., Carson City, NV 89701

### TOPICS DISCUSSED

- Is the VC Comstock area uniquely susceptible to ground motions from local and/or regional earthquakes?
- With over 720 miles of aging underground-workings, what are the risks in VC from earthquake triggered or spontaneous subsurface rock failures?
- Can we effectively monitor for indications of subsurface rock failure?
- Impact of earthquake ground motions to unreinforced masonry buildings.
- National Historical District.
- Storey County's short and long term goals.
- Public Outreach Campaign.
- Hazard Mitigation and Pre-Disaster Grants.

### SUGGESTED ATTENDEES

- Emergency Managers
- Fire department personnel in charge of fire prevention/protection/rescue
- Local public works staff – for example, water and sewer utilities, capital projects, storm drainage, engineering, design, landfill, etc.
- Transportation and road dept. personnel
- Building inspectors, planners, and floodplain managers
- Mining/structural engineers
